

CONNECT THE FUTURE TEXAS

PASS HB 1505 BY REP. PADDIE

CONNECT MORE TEXANS TO HIGH-SPEED INTERNET NOW

Access to reliable, high-speed broadband internet service is more important than ever – yet more than 1.2 million Texans, mostly in rural areas, can't get connected.

HB 1505 is an important step in the mission to connect more Texans to the internet, faster.

A diverse group of advocates and leaders in education, healthcare, small business, law enforcement, agriculture, and workforce development from across Texas encourage legislators to lower the barriers to broadband deployment, which will speed investment in expansion initiatives.
